## FINANCIAL AID

Southwest Mississippi Community College is a low-cost, locally controlled institution; therefore, students wishing to attend should not let financial reasons prevent them from doing so. Through one of the programs listed below, or a combination of programs, all students having need should be able to acquire necessary funds.

Financial Aid is the economic assistance available to help students meet the differences between what they can reasonably be expected to pay and what it will cost to go to college. This economic assistance may be in the form of scholarships, grants, work-study jobs, or a combination of any of these programs. A student's total award package cannot exceed SMCC's cost of attendance budget. Students must have a high school diploma or a High School Equivalent in order to qualify for Pell Grant. Not all Ability-to-Benefit tests are sufficient. All non-high school graduates are subject to DCL letters GEN-15-09 and GEN-12-09.

All federal aid programs available require that the student demonstrate a financial need. To determine this need, the college requires the student to submit the Free Application for Federal Student Aid at [www.fafsa.ed.gov](http://www.fafsa.ed.gov). Mississippi residents can apply for state aid at [www.riseupms.com](http://www.riseupms.com). A student must maintain eligibility each semester according to the Satisfactory Academic Progress policy listed in this catalog and on our Financial Aid section on the SMCC website at [www.smcc.edu](http://www.smcc.edu).

### FEDERAL WORK-STUDY PROGRAM

Eligible students may apply for part-time jobs under this program to help them earn part of their college expenses. This program, like the other Financial Aid Programs, is based on need. Students will be paid at the National Minimum Wage per hour.

### ENROLLMENT STATUS

Financial aid is awarded and paid according to the student's enrollment status:

12+ hours = full time enrollment

9-11 hours =  $\frac{3}{4}$  time enrollment

6-8 hours =  $\frac{1}{2}$  time enrollment

Less than 6 hours = less than  $\frac{1}{2}$  time enrollment

(You must be enrolled full time to receive all scholarships and state grants.)

## **SATISFACTORY ACADEMIC PROGRESS POLICY**

Southwest Mississippi Community College (SMCC) is required by federal regulations to establish minimum standards of satisfactory academic progress (SAP) to determine a student's eligibility to receive federal Title IV student aid for their chosen program of study. Federal Title IV student aid programs available at SMCC are:

- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- Federal Work-study Programs (FWS)

To maintain student financial aid eligibility, the student must progress satisfactorily toward completing a chosen academic or career-technical program.

### **Qualitative Requirement – GPA and % of Hours Passed**

SAP will be measured according to the following criteria:

| Cumulative Semester Hours Attempted * | Cumulative Grade Point Average (GPA) | Percentage of Semester Hours Passed* |
|---------------------------------------|--------------------------------------|--------------------------------------|
| 1 – 29                                | 1.5                                  | 66.7%                                |
| 30– 59                                | 1.75                                 | 66.7%                                |
| 60 and above                          | 2.0                                  | 66.7%                                |

\*All attempted classes will count in hours attempted, including classes from which the student withdrew – Grade “W”. According to individual program standards, Associate Degree Nursing, License Practical Nursing and Cosmetology will require a higher GPA for SAP.

### **Status Review and Notification**

A student's entire academic record will be evaluated to determine eligibility for financial aid, whether or not financial aid was received for all semesters or the student was granted an Academic Restart. Students transferring from another school on financial aid suspension or probation will be placed on financial aid warning for the first semester at SMCC. Students will be notified by mail if placed on a Warning Semester.

### **Warning Semester**

Any student who fails to meet the satisfactory academic progress standards will be placed on financial aid warning for one semester. Financial Aid Warning may be assigned without an appeal or other action by the student. During this warning semester, a student will continue to be eligible for Title IV funds. Only one semester of warning will be granted to students.

### **Failure to meet Warning Semester Requirements**

If the minimum SAP standards are not achieved upon completion of the warning semester, all federal aid will be suspended.

### **Appeals Process**

A student can appeal the suspension of their financial aid if one or more of the following situations occurred:

1. Death in the Family
2. Injury or Illness
3. Special circumstances approved by the Vice-President for Student Affairs

When completing the appeals application, the student must also disclose what has changed in their situation that will allow them to meet the SAP requirements at the end of the next evaluation. After completing the appeal, the director will determine if the student will be placed on Probation and/or Academic Plan. If approved for an Academic Plan, the terms of this plan will be mailed to the student. The student must acknowledge their Academic Plan by signing and return the plan requirements letter to the Financial Aid Office. During the Probation and/or Academic Plan semester, a student will continue to be eligible for Title IV funds. At the end of each payment period, while on Financial Aid Probation, the student must meet the terms of their Probation and/or Academic Plan to continue receiving Title IV Funds. Academic progress will be evaluated at the end of each semester. The results of this evaluation will be mailed to the student.

### **Failure to meet Probation and/or Academic Plan Requirements**

If a student fails to meet the terms of their Probation and/or Academic Plan, financial aid will be suspended.

### **Committee Appeals Process**

If the student wants to appeal this decision, the student must submit a committee appeals application to the financial aid office. Once the committee makes their decision, the Financial Aid Director will contact the student in writing.

### **Quantitative Requirement – Time Frame (Length)**

As required by federal regulations, a student must complete the program of study (major) within a time frame not to exceed 150% of the published length of the program. All courses including, but not limited to, withdrawals, repeats and accepted transfer hours from another college, will be counted in the time frame. Students who reach the 150% limit will no longer be eligible to receive federal financial aid. A student is ineligible when it becomes mathematically impossible for him to complete his program within the 150% of the length of the program. An appeal may be considered on case-by-case bases.

### **Other Required Considerations**

All coursework for students, including any semesters that students did not receive financial aid, will be included in the SAP review.

**Incompletes:** A grade of “I” incomplete will count as an “F” in all financial aid calculations. Once the incomplete is removed, the actual earned grade will be used. The student will need to advise the financial aid office when the change is made.

**Repeats:** Students may repeat a passing course one time with a “D” or better and receive Title IV funds. Any additional repeats of the same course will not be Title IV eligible.

**Add – Drops:** Title IV financial aid will not be adjusted once late registration ends. However, all attempted classes, including dropped courses, will count toward your GPA and percent needed to continue eligibility.

**Withdrawals:** Students may withdraw from a class and receive no credit with a grade of “W.” Classes from which students withdraw will count in the hours attempted.

**Developmental courses:** These courses will be treated in the same manner as regular courses since students receive institutional credit and grades for these courses.

**Transfer Credits:** All credit hours from another institution, that are required courses for the student’s program, will count in the hours attempted. Credits hours received at a non-accredited institution, where Title IV funds were not received by the student, will not be included in the financial aid calculation of attempted hours.

### **RETURN OF TITLE IV FUNDS**

A Title IV federal aid recipient who withdraws, officially or unofficially, from all classes on or before the 60% point of the academic term will be subject to repayment based upon the federal “Return of Title IV Funds” calculation.

### **SMCC REFUNDS**

Any financial aid refunds will be mailed to the student’s home address between the 10th and 12th week of the term. All applicable registration fees, non-resident tuition fees, residence hall fees, and other outstanding financial obligations (including parking fees and fines) will be deducted from this award.

### **WORKFORCE INNOVATION AND OPPORTUNITY ACT (WIOA) AND INDIVIDUAL TRAINING ACCOUNTS (ITAs)**

WIOA provides ITAs to students certified at the WIN Job Center. ITAs cover tuition, books, and some fees for one to two semesters of job training in a SMCC Career-Technical Program listed on the Eligible Training Provider List. WIOA assistance is in addition to other student grants and/or scholarships. WIOA assistance is based on need and ability; however, it is not an entitlement program.

### **PERFORMANCE SCHOLARSHIPS (BAND, CHEERLEADING, MUSIC, ETC.)**

If institutional scholarships exceed the cost of attendance, the balance will be credited to the student’s account and may be used in the college bookstore, cafeteria, or applied to student fees. These scholarships are awarded by the coordinating instructors.

1. Must be a full-time student or the scholarship will be prorated according to the number of hours enrolled throughout the semester. A part-time student’s scholarship could not exceed tuition.
2. Must maintain a 2.0 or higher GPA on all college work.

## **FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)**

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student's education records within 45 days of the day the college receives a request for access. A student should submit to the registrar a written request that identifies the record(s) the student wishes to inspect. The college official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the college official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. A student who wishes to ask the college to amend a record should write the college official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If the college decides not to amend the record as requested, the college will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
3. The right to provide written consent before the college discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent. The college discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the college in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the college has contracted as its agent to provide a service instead of using college employees or officials (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the college.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the college with the requirements of FERPA.

The name and address of the office that administers FERPA is:

Family Policy Compliance Office  
 U.S. Department of Education  
 400 Maryland Avenue, SW  
 Washington, DC 20202-5901

Southwest Mississippi Community College will release directory information to any reasonable inquiry about any student unless the student has notified the registrar's office in writing. This written request to Southwest Mississippi Community College complies with all provisions of the federal law entitled Family Educational Rights & Privacy Act (FERPA). Copies of a policy statement indicating the records affected by this law, the student's rights and obligations and the college's rights and obligations may be obtained in the Registrar's Office. Directory information includes the student's name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees received, honors and awards earned, the most recent educational agency attended by the student, e-mail address, and other similar information.

### **FERPA Annual Notice to Reflect Possible Federal and State Data Collection and Use**

As of January 3, 2012, the U.S. Department of Education's FERPA regulations expand the circumstances under which your education records and personally identifiable information (PII) contained in such records – including your social security number, grades, or other private information – may be accessed without your consent. First, the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or state and local education authorities (“Federal and State Authorities”) may allow access to your records and PII without your consent to any third party designated by a Federal or State Authority to evaluate a federal – or state – supported education program. The evaluation may relate to any program that is “principally engaged in the provision of education,” such as early childhood education and job training, as well as any program that is administered by an education agency or institution. Second, Federal and State authorities may allow access to your records and PII without your consent to researchers performing certain types of studies, in certain cases even when we object to or do not request such research. Federal and State Authorities must obtain certain use-restrictions and data security promises from the entities that they authorize to receive your PII, but the authorities need not maintain direct control over such entities. In addition, in connection with Statewide Longitudinal Data Systems, State Authorities may collect, compile, permanently retain, and share without your consent PII from your education records, and they may track your participation in education and other programs by linking such PII to other personal information about you that they obtain from other federal or state data sources, including workforce development, unemployment insurance, child welfare, juvenile justice, military service, and migrant student records systems.

## **TITLE IX**

SMCC is in compliance with the requirements of Title IX of the Educational Amendments of 1972, which prohibit sex discrimination in federally assisted educational programs.

“No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance...”

- SMCC will initiate a preventative education program in order to educate its students as to what sexual violence is and seek to prevent sexual violence by educational programming, awareness promotion, and preventative measures.
- After SMCC Campus Police and/or the Vice-President for Student Affairs has been informed of possible sexual violence, the college will take immediate and appropriate action to investigate or otherwise determine the facts of the incident. A student who is a victim may also, but is not required to, press charges.
- If sexual violence has occurred, SMCC will take prompt and effective steps to end the sexual violence, prevent its recurrence, and address its effects, whether or not the sexual violence is the subject of a criminal investigation.
- SMCC will take steps to protect the complainant as necessary, including interim steps taken prior to the final outcome of the investigation.

- SMCC has provided a grievance procedure for students to file complaints of sex discrimination, including complaints of sexual violence. These procedures include an equal opportunity for both parties to present witnesses and other evidence and the same appeal rights.
- SMCC's grievance procedures use the preponderance of the evidence standard to resolve complaints of sex discrimination.
- SMCC will notify both parties of the outcome of the complaint.

Questions and complaints may be directed to Mr. Blake Brewer, Vice-President for Student Affairs, Title IX Coordinator. You may write to SMCC, 1156 College Drive, Summit, MS 39666, or call 601-276-3717.

Investigative process: The investigation may include, but is not limited to, conducting interviews of the complainant, the alleged perpetrator, and any witnesses; reviewing law enforcement investigation documents, if applicable; reviewing student and personnel files; and gathering and examining other relevant documents or evidence. While a school has flexibility in how it structures the investigative process, for Title IX purposes, a school must give the complainant any rights that it gives to the alleged perpetrator. A balanced and fair process that provides the same opportunities to both parties will lead to sound and supportable decisions. Specifically:

- Throughout the investigation, the parties must have an equal opportunity to present relevant witnesses and other evidence.
- SMCC will use a preponderance-of-the-evidence (*i.e.*, more likely than not) standard in any Title IX proceedings, including any fact-finding and hearings.
- Both parties are allowed to have lawyers or other advisors at any stage of the proceedings; it must do so equally for both parties. Lawyers or other advisors may not speak or otherwise participate in the proceedings and applies equally.
- If the school permits one party to submit third-party expert testimony, it must do so equally for both parties.
- If the school provides for an appeal, it must do so equally for both parties.
- Both parties must be notified, in writing, of the outcome of both the complaint and any appeal.

## **COUNSELING SERVICES**

Southwest Mississippi Community College recognized that almost all beginning college students need assistance in making educational, vocational, and personal adjustments. Provision is made for this help through the office of the Vice-President for Student Affairs. The entire faculty work together to promote the optimum development of each student. Inherent in the guidance program is the recognition of the principle that the purpose of guidance is to aid each student to help himself/herself through self-understanding and awareness of potential.

Qualified counselors are available in Kenna Hall and Huddleston Career-Technical Complex.

Many college students have personal problems that may interfere with their academic work. The counseling staff provides an atmosphere in which students may discuss concerns with the assurance of confidentiality. Records will be released only with the permission of the student.

## **DISABILITY SUPPORT SERVICES**

### **PROCEDURES FOR ACQUIRING ACCOMMODATIONS AND SERVICES**

In accordance with the Rehabilitation Act of 1973 section 504 and the Americans with Disabilities Act (1990), SMCC provides reasonable accommodations for students with disabilities through the Office of Disability Support Services. DSS verifies eligibility and works with eligible students to develop and coordinate plans for the provision of accommodations. Eligible students include those who are enrolled in degree and non-degree programs offered by SMCC, are considered qualified to meet all college program requirements despite a disability, and meet the definition of disability as defined by the Rehabilitation Act of 1973 section 504 and ADA.

Accommodations/services available include test-taking accommodations, interpreters, note takers, and readers. In order to receive appropriate and timely accommodations, eligible students should contact the Office of Disability Support Services (DSS) before the semester begins to fill out an application and submit documentation of disability for review. The Office of Disability Support Services (DSS) is committed to creating a positive campus environment where students with disabilities are encouraged to pursue careers on the basis of personal interest and ability. All students, including those with documented disabilities are encouraged to participate in co-curricular activities.

Students requesting special accommodation because of a disability should:

1. Contact the Office of Disability Support Services (DSS), 601-276-3885 to set up an appointment with the Director of Disability Support Services.
2. Provide recent, valid documentation of the disability to the Office of Disability Support Services (DSS).
3. Explain and discuss in detail what accommodations will be needed.

The Director of Disability Support Services will counsel with the student to develop an appropriate plan for the student. The student's instructors will be notified by the Director of Disability Support Services concerning the student and the accommodations that will be offered. The request for disability services must be made prior to the semester in which accommodations are needed.

Documentation of a disability from an appropriate licensed or certified professional with expertise related to a student's disability must be filed with DSS. Documentation must include a statement explaining how the disability, with or without mitigating circumstances, limits a major life area, thus impacting a student's participation in courses, programs, services, activities, and facilities. Evaluations for the purpose of documentation must be recent. DSS does not assist students in obtaining appropriate documentation, nor does DSS refer students for eligibility evaluations. All fees associated with procuring documentation are the responsibility of the student.

Documentation that is submitted to DSS must:

- Clearly state the diagnosed disability or disabilities
- Describe the functional limitations resulting from the disability or disabilities
- Be age-appropriate-describing how the disability or disabilities currently affect the student in an educational setting
- Be comprehensive-including complete educational, developmental, and medical history relevant to the disability for which accommodations are being requested
- Include a list of all test instruments used in the evaluation report and relevant subtest scores used to document the stated disability (this requirement does not apply to physical or sensory disabilities of a permanent or unchanging nature)
- Describe the specific accommodations requested
- Adequately support each of the requested accommodations
- Be typed or printed on official letterhead and signed by an evaluator qualified to make the diagnosis (include information about license or certification and area of specialization) The DSS Request for Documentation may also be completed.

Examples of disabilities covered under ADA:

- Attention Deficient Disorder
- Attention Deficient Hyperactivity Disorder
- Food allergies
- Sight Impaired
- Hearing Impaired
- Depression
- Multiple sclerosis
- Traumatic Brain Injury

Refer to [www.ada.gov](http://www.ada.gov) for a detailed listing of other disabilities covered under ADA.

## Service Animals

Southwest Mississippi Community College welcomes service animals in all areas of our campus. Service animals, by definition, are dogs or miniature horses who are trained to do work or perform tasks for the benefit of an individual with a disability. Service animals provide numerous work tasks including but not limited to; assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who have a hearing impairment to the presence of people or sounds, assisting an individual during a seizure, mobility of a person in a wheelchair, physical support and assistance with balance for individuals with mobility disabilities, retrieving medications or other devices, and by helping individuals with psychiatric and/or neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

## Assistance Animals (including Emotional Support Animals)

Assistance animals, by definition, are not trained to perform a specific function, but whose presence provides a benefit for a person with a disability. Assistance Animals will be allowed in campus housing if certain conditions are met. The animals must be a necessity for the student with a disability to afford the student an equal opportunity. There must be an identifiable relationship between the student's disability and the assistance the animal provides. Unlike a Service Animal, an Assistance Animal might not be trained and it does not accompany a person with a disability at all times. Although Assistance Animals may be considered for limited access to college housing, they are not permitted in other areas of the college (e.g. libraries, academic buildings, classrooms, labs, etc.).

Requests for support animals should be made by:

- a. Submitting medical/reasonable documentation from a licensed medical professional to the ADA/504 Coordinator.
- b. All requests will be determined on a case-by-case basis.

Questions regarding Disability Support Services, or services and assistance animals should be made to the Disability Support Coordinator, Rhonda Gibson in Kenna Hall at (601) 276-3885 or [rgibson@smcc.edu](mailto:rgibson@smcc.edu).

- d. All residence hall students are required to purchase a meal ticket. All full-time students are required to have ID cards in their possession at all times while on campus. The ID cards of resident students will be validated to be used as their meal ticket.
- e. Refrigerators/microwaves are provided for your convenience by the college. Bringing personal microwaves/refrigerators are prohibited.
- f. The purpose of the residence halls is to furnish a place for boarding students to sleep and to study. Rules are set up to further that purpose.

- g. The regulations are not and do not attempt to be totally comprehensive. All students are expected to conduct themselves on and off campus in such a manner as to reflect the very highest standards of conduct on themselves and on SMCC. Failure of any student to adhere to SMCC rules or policies will lead to disciplinary action.
- h. All dormitory items must be removed from the residence at the time of the student's official checkout. All students must officially check out and complete a checkout form with the head resident or housing director. At the time of checkout, the head resident or housing director will inspect the room and assess charges to the student's account for items left in the room, cleanliness of the room as well as the overall condition of the room and bathroom(s) and no key return. Failure to remove items will result in forfeiture and the college assumes no liability in this matter.
- i. Room keys are issued by the head resident and are the sole responsibility of the residents to whom they are assigned. Keys must be returned to the residence hall staff when a resident vacates the assigned room.
- j. If a key is lost or stolen, the student is responsible for reporting it to the head resident and paying a lock change fee of \$100.00 to receive a new key. You will be charged a \$15.00 lock out fee, if you leave your key in your room and need the door opened.

## **ACADEMIC GUIDELINES FOR RESIDENCE HALL STUDENTS**

Students living in the residence halls at Southwest Mississippi Community College must be enrolled and maintain a minimum of 12 tradition, on campus hours to be eligible to live in the residence hall. Any student who is enrolled at Southwest Mississippi Community College must maintain a 1.5 GPA or better to be eligible for campus housing. All residence hall students who are in non-compliance with these GPA standards at mid-term will be sent a written warning of their dormitory status. Notification of non-compliance of these regulations will be made by the Director of Housing. If students, at the end of the semester, are in non-compliance, they will lose campus housing privileges.

## **CAMPUS HOUSING AND ROOM RESERVATION**

Residence Halls are located on campus for male and female students. Each residence hall has live-in professional staff. Rooms are furnished with single beds, chest or closet, desks, chairs and wireless internet. Students must provide sheets, towels, pillows and blankets. A list of items needed can be found on the school's website at [www.smcc.edu](http://www.smcc.edu) under Prospective Students and under Students and Residence Hall Information. Students are required to purchase a meal plan.

To reserve a room in the residence hall, a student must submit an online housing application along with the room application fee of \$150.00. The housing application can be found at [www.smcc.edu](http://www.smcc.edu) through your Access Southwest account. All students must re-apply each school year to live in the residence halls. If a student applies for housing and then decides they do not want to live in the residence halls, the student must notify the Director of Student Activities & Housing in writing prior to the first day of the semester.

## **OFFICIAL WITHDRAWAL FROM RESIDENCE HALL**

A resident student who moves out of the residence hall before the end of a semester must officially withdraw from the residence hall at the end of his/her period of residency.

To officially withdraw from the residence hall a student must:

1. Return his/her room key to the Head Resident after all personal items have been removed from his/her room. The room and bathroom must be cleaned. At such time the Head Resident will complete a check-in/checkout form after surveying the student's room. Charges for any damages will be applied to the student's account.
2. A fine of \$100 will be placed on the student's account for failure to return room key and a fine of \$100 for failure to officially check out.

## **SEARCHES OF RESIDENCE HALL & STUDENT VEHICLE POLICY**

SMCC reserves the right to search any residence hall room or vehicle on campus when there is reason to believe that a law, college rule, or college regulation has been violated.

## PROCEDURE

1. Normal inspection of students' rooms for health, safety, and standards of maintenance will be made by the college officials and can be made, if necessary, in the absence of the student.
2. Whenever there is a reasonable cause, the Vice-President for Student Affairs or a Campus Police Officer will search rooms and/or vehicles. The student shall be present when possible; however, in all cases a witness will be present.
3. College Officials will cooperate with Law Enforcement Officers who present a Search Warrant.

## CAININE SEARCHES ON CAMPUS

In an effort to create and maintain a drug free campus, canine (K-9) drug detection dogs may be utilized to search all public and common areas in all campus parking lots and buildings for the purpose of detecting illegal drugs and narcotics. The SMCC Vice-President for Student Affairs and the Chief of Campus Police coordinate all canine searches, with the assistance of campus police officers, appropriate housing personnel, administrators, and local law enforcement personnel. Searches will be performed by handlers and canines trained in the detection of illegal drugs/narcotics.

Canines will be allowed to search areas such as residence hall rooms, offices, and vehicles after the canine alerts to one of these areas, thus developing probable cause. Once probable cause is established, the canine will be allowed to enter the room/office/vehicle and continue searching.

Upon the discovery of illegal drugs/narcotics, persons who are determined to be in violation of State/Federal law and/or college rules and regulations, may be arrested and face college disciplinary action.

## RESIDENCE HALL ROOMS FOR STUDENTS WITH PHYSICAL DISABILITIES

The women's and men's residence halls each have rooms designed for students with a physical handicap that requires the use of a wheelchair. The rooms are assigned to the students who request the rooms first and have verified their disability with the Office for Disability Services.

## MAIL SERVICE FOR RESIDENCE HALL STUDENTS

All residence hall students at Southwest Mississippi Community College may purchase a mailbox in the SMCC Bookstore for \$15 for the school year.

## STUDENT E-MAIL

While you are a student here at Southwest Mississippi Community College you will have an e-mail account. A typical student e-mail address would be your student ID number followed by @bears.smcc.edu (example: [12345@bears.smcc.edu](mailto:12345@bears.smcc.edu)). It is very important that you use your campus account for official communications with your instructors. Please do not provide Gmail or Yahoo, etc., accounts to your instructors if you are engaged in an online class or a traditional class where assignments are submitted via e-mail.

## BOOKSTORE

The bookstore is the source for all college textbooks, eResources, school supplies, lab supplies, note cards, departmental supplies, snacks, drinks, gifts, and Southwest apparel. A student ID is required for all Financial Aid purchases.

## ALERT MEDIA

Southwest Mississippi Community College has partnered with AlertMedia to streamline mass communications and deliver important notifications via text, voice, app push, email, and more. An email will be e-mailed to your Southwest e-mail at the beginning of the school year. You can also email Blake Brewer at [bbrewer@smcc.edu](mailto:bbrewer@smcc.edu) or Jeremy Lea at [jlea@smcc.edu](mailto:jlea@smcc.edu) to sign up for AlertMedia.

## **STUDENT ID CARD POLICY**

**Student ID:** Must be worn on a visible location of the student (by lanyard around the neck, or by clipping on the collar/upper chest area of shirts) at all times when on college property. An ID card is issued to each student as part of the registration process. No charge is made for the first card issued. The replacement cost for a lost, stolen, or missing ID card will be \$25. The ID card must be surrendered to a College official upon request. The SMCC Student ID card serves the student in many ways and must be worn on a visible location of one's person at all times when on college property. The card is needed for the following purposes:

1. For proof that you are a current student.
2. Admission to on-campus athletic events and out-of-town athletic events.
3. Identification at Business Office, Campus Bookstore, Campus Police Office, Financial Aid Office, Campus Residence hall, Library, and Cafeteria.

## **LEARNING RESOURCES (LIBRARY)**

The William C. and Lula B. Ford Library provides services and materials to support instruction on campus as well as online. Print and non-print materials are selected, acquired, classified, and made accessible to patrons in order to supplement the curricula and enhance the educational and personal interests of the students, faculty, staff, and community.

Library professionals endeavor to provide instruction in information literacy skills needed to seek, evaluate, and use information effectively.

Internet access to a number of online databases, e-books, and subscription services is provided for research purposes. The library also subscribes to many periodicals and contains a nearly 40,000 volume book collection. A special collection of our state, local, and SMCC related materials is housed in the Mississippi Room. Study rooms for group study, computers for student use, a printer and Wi-Fi are available.

### **III. USE OF THE LIBRARY**

Library patrons who persist in violating library regulations shall be prohibited from using the library.

### **V. LIBRARY FEES AND FINES**

Overdue books will incur a fine and all overdue books must be turned in and fines paid before taking exams. The library staff sincerely hopes that every student will take advantage of the library and all that is offered.

## ACADEMIC LIFE

### GRADING SYSTEM

The final grade represents an evaluation of the student's achievement during a semester's attendance in a course. In addition, regular examinations of one to two hours in length are given according to a definite schedule. At the end of each semester, all students are required to take final examinations.

An incomplete must be removed within the first regular semester, which follows the grade period reporting "I," or it will automatically become "F."

The evaluations will be expressed according to the following letter system:

|    |  |
|----|--|
| A  | EXCELLENT                                |
| AU | AUDIT                                    |
| B  | GOOD                                     |
| C  | SATISFACTORY                             |
| D  | BELOW AVERAGE                            |
| F  | FAILURE                                  |
| I  | INCOMPLETE                               |
| P  | PASS (NO QUALITY POINTS AWARDED)         |
| W  | WITHDRAWAL (NO ACADEMIC PENALTY)         |
| WF | WITHDRAWAL FAILING (SAME AS FAILURE)     |
| WH | WITHDRAWAL HOLDING (OUTSTANDING ACCOUNT) |
| WP | WITHDRAWAL PASSING                       |

Questions concerning the accuracy of final grades must be brought to the attention of the Vice-President for Admissions and Records in writing within one semester. Students wishing to contest a grade must contact the appropriate instructor first.

### ACADEMIC PROBATION

Any student who does not earn at least a 1.5 grade point average for work attempted during a given semester will be placed on academic probation at the end of that semester. Any student who does not earn at least a 1.5 grade point average for work attempted during an academic probation semester will be placed on academic suspension at the end of that semester. A student placed on academic suspension will not be allowed to attend the following (fall or spring) semester. A student on academic suspension may attend during the summer semester at the discretion of the Vice-President for Academic Affairs.

### STUDENT GRADE APPEAL POLICY

Students who feel that a final grade was incorrectly given should appeal as follows:

1. Discuss grade in question with the instructor. Any changes must be submitted in writing by the instructor to the Vice-President for approval and processing.
2. If the problem has not been satisfactorily resolved, the student may make a written appeal to the Vice-President who will investigate the situation.

Grade appeals by students must be filed no later than the end of the following semester after the grade is question was assigned. The appeal process will end following the action taken by the Vice-President.

### CLASS ATTENDANCE POLICY

A student who enrolls in a class accepts responsibility for attending that class and for completing the work assigned.

**Policy Statement:** Regular class attendance is very important to college success; therefore, students are expected to attend class unless it is absolutely necessary to be absent. Students are expected to make up all work missed due to absences. A penalty may be assessed for work not made up at the discretion of the instructor for the class missed. Each instructor will

be responsible for explaining the attendance policy to students at the beginning of the semester. It is the students' responsibility to keep up with their number of absences.

The college may authorize absences under four circumstances:

1. Death in the Family
2. Injury or Illness (including hospitalization of the student)
3. Participation by the student in a school-sponsored activity
4. Special circumstances approved by the Vice-President for Student Affairs

Any student who is hospitalized or under a physician's care, must provide an official doctor's release from the appropriate healthcare provider.

A student whose absence is authorized by the college will be allowed to make up any work missed during that authorized absence, but only if the student notifies the instructor of the situation on the day of the student's return to class.

When a student's total number of absences exceeds the equivalent of two weeks of the scheduled meetings for a class, that student will be dropped from that class. If this action happens after the deadline for dropping the class without penalty, that student may receive a grade of "F" for that class.

Being dropped from a class might reduce a student's status from full-time to part-time and thereby affect, among other things, that student's scholarships, financial aid, athletic eligibility, and eligibility to reside in the dormitories.

The following reflects the absentee policy:

MWF Classes .....6 absences allowed .....cut from class on 7th  
 MW Classes .....4 absences allowed .....cut from class on 5th  
 TR Classes .....4 absences allowed .....cut from class on 5th  
 Night Classes .....2 absences allowed .....cut from class on 3rd  
 Science Labs .....1 absence allowed .....cut from class on 2nd

## **TARDIES**

A tardy will be defined as missing up to 15 minutes of class. Three tardies will constitute an absence. A student is counted absence if the student misses more than 15 minutes of class. A student who is tardy must notify the instructor of his/her presence in class at the end of the class to avoid being counted absent. Students are expected to remain in the class and be attentive until the instructor indicates that the class session is over.

## **OFFICIAL ABSENCES**

Those absences caused by a student representing the college for an approved function are official absences. The number of these allowable absences will not count against the total "allowable" absences; however, the number of official absences will be limited for each class. Students are expected to let the instructor know ahead of time about upcoming approved official absences and are expected to make up work for the missed classes.

## **ATTENDANCE APPEALS PROCESS**

**Appeals Process:** The college reserves the right to administratively withdraw a student who reaches the cut-out point due to excessive absences. When a student has been removed from class for excessive absences, that student will have the right to appeal his/her removal from the class to the Vice-President for Student Affairs. No absence is considered free; therefore, students will be responsible for providing a justifiable reason for each absence to the Vice-President for Student Affairs. Documentation should be provided to the Vice-President for Student Affairs in written form where possible (doctor's excuse, obituary, legal documents, etc.). When considering appeals, the Vice-President for Student Affairs will consider the following:

- Total number of absences
- Documentation for absences

- Whether the student has requested counseling or other assistance in finding a solution to class attendance problems
- Recommendations by instructors
- Current grade status in the course

All appeals must be made before the next scheduled class meeting after the notification of removal from class for excessive absences. Failure to appeal before the next scheduled class meeting constitutes a waiver of the student's right of appeal. The Vice-President for Student Affairs will have the authority to reinstate the student in the class for what he/she considers to be justifiable cause. The decision of the Vice-President for Student Affairs will be final. The instructor will receive a notice of action taken. In the event that an appeal is denied or a student fails to appeal, a grade of "W" will be recorded for courses in which excessive absences are reported and the student will be dismissed by the Vice-President for Student Affairs. Being administratively withdrawn from a class may change a student's enrollment status and thereby affect, among other things, that student's scholarships, financial aid, and in some cases dorm status and athletic eligibility. In the event that the student has been previously dismissed and re-admitted to the class, a second appeal is not available.

## **ADD OR DROP A COURSE**

If a student wishes to drop or add a course, the student should first consult with his/her instructor, advisor, or the appropriate counselor (academic or career-technical) to fully understand the implications of making the desired change of schedule. Factors to consider include how a change in schedule could affect a student's financial aid, residence hall status, athletic eligibility, or fulfillment of graduation requirements. The student should then log on to Access Southwest linked at [www.smcc.edu](http://www.smcc.edu), click Registered Add/Drop Courses, and follow the prompts in order to add or drop a course. A grade of "W" will be recorded as the student's grade for a class dropped after the last day to register or add a course, but before the last day to drop a course without penalty. The grade of "W" is not used in computing grade point averages. No changes of schedule are permitted after the last day to drop a course without penalty. Both the last day to add a course and the last day to drop a course without penalty are listed in the academic calendar at [www.smcc.edu](http://www.smcc.edu). If a student wishes to drop all courses, then the student needs to follow the withdrawal procedure listed below.

## **REPEATED COURSE POLICY**

A student at Southwest Mississippi Community College will be allowed to repeat any course to establish a higher grade for the course. There shall be no limit to the number of times a course may be repeated for this or any other purpose. No grades will be removed from the transcript; however, only the highest grade will be used in determining overall grade point average (GPA) for that student at Southwest Mississippi Community College. NOTE: Most four-year colleges have specific policies governing the transfer of credits which place a limit on the number of repeated courses which may be removed from consideration in calculating the GPA for transfer purposes.

## **WITHDRAWAL**

If a student withdraws from the college prior to the last day to drop a course without penalty as listed in the catalog, the student's transcript will show a "W" (withdrawal) for each course. If a student withdraws from the college after the last day to drop a course without a penalty as listed in the catalog, the student's transcript will show a "WP" (withdrawal passing) or "WF" (withdrawal failing) for each course depending upon what grade was at the mid-term reporting period unless specific program policies state otherwise.

To begin the process of officially withdrawing from the college, the student must first secure an OFFICIAL WITHDRAWAL form from the appropriate counselor (academic or career technical). The student will then be required to obtain signatures from other administrative offices on campus before taking the completed form to the business office. Failure to withdraw properly will forfeit the student's right to any refund due and will result in a grade on each subject for the semester being recorded as "F" (failure) on the student's transcript. A student must pay all fees due to complete withdrawal. A student will not be allowed to withdraw from school during final exam week.

## **CLASSROOM BEHAVIOR**

Student conduct in a classroom, in a hallway, outside any campus building, and in the use of social media shall contribute to an environment conducive to learning. In order to assure that all students have the opportunity to profit from time spent in class; students are prohibited from engaging in any form of distraction unless otherwise approved by the instructor. Inappropriate behavior in the classroom shall result, minimally, in a request to leave class for the period. In such circumstances, the faculty member is the sole judge that the student's behavior is sufficiently disruptive to warrant a dismissal from the classroom. The student will, at a later time, schedule a conference with the instructor concerning a return to the class. If the faculty member believes the student's behavior is flagrant, the student should be referred to the Vice-President for Student Affairs.

The following are a few examples of inappropriate behavior in the classroom or hallways: eating or drinking, using profanity (\$25.00 per word fine), loud talking, sleeping, shuffling backpacks and notebooks, leaving the classroom early, reading newspapers during class, flagrant inattentiveness, in appropriate use of cell phones or beepers, obvious stretching, etc.

Students may use phones, cellphones, and electronic devices in the classroom for educational purposes only.

## **ACADEMIC DISHONESTY**

### **Cheating**

Cheating is defined as the act of obtaining or attempting to obtain or aiding another to obtain academic credit for work by the use of any dishonest, deceptive or fraudulent means. Examples of cheating include: copying from another's test or examination; discussing the nature or content of test items and/or answers before, during, or after an examination or test without permission of the instructor; possessing, giving or receiving copies of an examination or exam questions without the permission of the instructor; using or displaying notes, "cheat sheets," or other information or devices inappropriate to the prescribed test conditions; allowing someone other than the

### **Penalties for Academic Dishonesty**

The penalty for the first commission of any offense set out above will be either a zero on the particular assignment, withdrawal from the course, or failure in the course. The instructor will state clearly on the course syllabus which penalties may apply. These options will be clearly stated on the instructor's syllabus. The instructor will also refer the matter for possible further action, including possible suspension or dismissal from the program of study or from the college. The penalty for subsequent commissions of any of these offenses will be failure in the course and possible dismissal or suspension from the program of study or from the College.

In cases of academic dishonesty:

1. The instructor will immediately email the student, the department chairperson, the Vice-President for Student Affairs or Vice-President for Career-Technical and/or Director of Distance Learning (whichever is appropriate) indicating the action taken.
2. If the student has been previously reported as committing the same offense, the Vice-President for Student Affairs will notify the instructor, department chairperson, and appropriate dean, who will together determine if further action is needed.

## **COURSE LOAD**

In order for a student to be considered full-time, he/she must carry no fewer than 12 semester hours of course work per semester. Students may enroll in up to 19 semester hours. To exceed 19 semester hours, a student must receive special permission from their advisor and from the Vice-President for Academic Affairs.

## **MAKE-UP WORK**

If a student is absent from class, he/she may, at the discretion of their instructor, make up the work. If a student fails to take an assigned quiz, a mid-term, or final examination because of an unauthorized absence, he/she will be permitted to take

these tests only at the discretion of the instructor. The student must complete all make-up work within the time specified by the instructor.

## **ABSENCE OF INSTRUCTOR**

Students have no authority to leave the classroom in the absence of an instructor. If an instructor is ill or absent, and prior arrangements have not been made by the instructor with the students, the students are expected to remain in the classroom for the length of the period or until dismissed by another faculty member.

## **DEAN'S LIST AND PRESIDENT'S LIST**

Students obtaining an average 3.5 or above on 15 or more academic hours will be placed on the Dean's List. To make the President's List, students must obtain a 4.0 average on 15 or more academic hours. No basic studies courses may be included in computing hours and grade point averages.

## **BULLYING OR HARASSING BEHAVIOR**

Southwest Mississippi Community College is committed to maintaining high standards for behavior in a manner which demonstrates respect for the rights of others. This Anti-Bullying Policy, therefore, seeks to promote civility and respect among all members of the College community, including the trustees, administration, faculty, staff, students, alumni, contractors, business consultants, benefactors, and vendors.

Definitions:

- Bullying is defined as the aggressive and hostile acts of an individual or group of individuals which are intended to humiliate, mentally or physically injure or intimidate, and/or control another individual or group of individuals.
- Cyberbullying is defined as bullying an individual using any electronic form, including, but not limited to, the Internet, interactive and digital technologies, or mobile phones.
- Exclusion Bullying is defined as purposeful and evident exclusion or disregard for a person in a work related, close-contact activity.
- Gesture Bullying is defined as nonverbal but aggressive gestures that convey threatening messages.
- Homophobic (Gender and Sexual Orientation) Bullying is defined as bullying directed at gay, lesbian, bisexual and transgender persons.
- Physical Bullying is defined as pushing, shoving, kicking, poking, and/or tripping another; assaulting or threatening a physical assault; damaging a person's work area or personal property; and/or damaging or destroying a person's work product.
- Stalking is defined as continued unwanted attention through personal contact (directly with you or through your friends and family), telephone calls, letters, e-mails, text messages, or internet chat rooms.
- Verbal and Written Bullying are defined as using speech or written messaging for the ridiculing, insulting, or maligning of a person or person's character; addressing abusive, threatening, derogatory or offensive remarks directly to a person; and/or attempting to exploit an individual's vulnerabilities.

Bullying is strictly prohibited on any College property; at any College function, event or activity; or through the use of any electronic or digital technology, whether or not such use occurs on College property. Any case of bullying suspected to be of a criminal nature shall be referred to local law enforcement authorities. See 10.31 Anti-bullying Procedure (Policy adopted November 2022)

## **STUDENT RIGHTS AND REGULATIONS**

**Student Governance** Students are encouraged to participate in the institutional decision-making process. The college values the students' thoughts and suggestions. The governance for the student body is through an active Student Government Association which is composed of a president, a vice-president, a secretary, a treasurer, and various student representatives. All students are encouraged to submit suggestions or recommendations to one of their Student Government Association Officers who will present them in the SGA meeting. Suggestions or recommendations shall be forwarded to the college administrative staff. If the SGA members cast a majority vote for sending a suggestion or recommendation to the administration, the SGA sponsor (Vice-President for Student Affairs or delegate) will present it to the administrative staff

and will report their response to the SGA. The SGA provides many activities for student life, and its officers and representatives serve on various college committees to help determine the direction of the institution.

**Due Process in Student Discipline** To protect its fundamental legal and moral integrity and the constitutional rights of its students and to meet the elemental requirements of fairness, an educational institution should guarantee procedural safeguards to students involved in disciplinary cases. Although disciplinary hearings on campus are not entirely analogous to adversary proceedings in courts of law, they will be conducted in a fair and judicious manner, with the aim of lessening the likelihood of error or prejudice. The procedure will incorporate the basic elements of what has become commonly recognized as due process.

**Student Obligation** Since the founding of SMCC, high standards of conduct have characterized Southwest students. A student enrolling in the college assumes the obligation to become acquainted with the rules and regulations, and while on the campus is expected to conform to the stated standards of conduct. Violators of these standards will be subject to disciplinary action.

**Purpose of Discipline** The broad purpose underlying student discipline is to structure college living in such a way that the interests of the college community as a whole and of the individual members are best served. The college's responsibility extends to the conduct of all SMCC students. Those apprehended and proven guilty of serious or repeated violations of college standards may be dismissed from the college.

**Responsibility** Students who register at SMCC agree to conform to its regulations and policies. A student is subject to the laws of the community and the state, and enrollment as a student in no way relieves him/her of this responsibility. The fact that civil authorities have imposed punishment will not prevent the college from protecting its own educational purposes and community by taking suitable action against the student under college regulations.

**Authority** The ultimate authority to administer discipline is vested in the President, subject only by the Board of Trustees. The Vice-President for Student Affairs or his designee is responsible for referring disciplinary cases to the discipline committee who will ascertain the facts and submit their recommendations to the President for final action.

**Disciplinary Action** In extreme cases, the President or his designee may take prompt and decisive disciplinary action before there is an opportunity to conduct a hearing, as in cases in which a student's continued presence on campus constitutes an immediate threat to the well-being or property of members of the college community or to the orderly functioning of the college. Students suspended under such conditions will receive a prompt hearing on the charges against them.

**Off-Campus Misconduct** In general, the College does not take disciplinary action for off-campus conduct when court action is pending or has taken place. However, the College reserves the right to take action in such instances when the misconduct constitutes a violation of the College community. In such cases, the College may initiate action whether or not legal action has been taken.

**Discipline Committee** The college works with the discipline committee to afford fair and reasonable consideration to every student who is accused of violating one or more of the regulations of the college. A student so charged has the following rights:

- a. The student shall be notified at least three days in advance of the time and the date of the hearing, the place of the hearing, the charges to be brought against the student, the right to have witnesses on his/her behalf at the hearing, and the student's right to appeal.
- b. Each individual appearing at the hearing will be asked to sign a statement attesting to the truth of his/her statement made before the committee.
- c. The charges against the student shall be read before the committee, in the presence of the student.
- d. The student will be asked to plead "compliant" or "non-compliant" to the breaches of conduct.
- e. The evidence against the student shall be presented to the committee in the presence of the student.
- f. The student shall be allowed to present his/her evidence and to present witnesses on his/her behalf. If a Title IX complaint then both parties have this opportunity.
- g. The decision of the committee shall be transmitted to the student in writing.
- h. The decision of the committee may be appealed to the committee appointed by the Vice-President of Student Affairs. The committee appointed by the Vice-President of Student Affairs will be the final appeal.

# CAMPUS POLICE AND AUTOMOBILE REGULATIONS

## **Mission**

The primary objective of the Campus Police Department is to provide a safe and healthy environment that enhances the campus learning experience and complements the college's educational mission.

Not only is the department responsible for law enforcement, security and emergency response but it is also responsible for providing support services tailored to meet the needs of the college community.

Full-time campus police officers are certified by the State of Mississippi. The campus police officers conduct vehicle, foot patrols and are charged with the responsibility of enforcement of federal, state and local laws as well as college policies and regulations. Staff members are service-oriented and committed to the safety and well-being of those associated with the campus. The Campus Police Department provides crime prevention, criminal investigation, traffic and parking control, disaster coordination, maintenance of public order and other related services.

Campus police also work closely with the Vice-President for Student Affairs Office to ensure that the safety policies and procedures are uniformly executed and conveyed in a clear and consistent manner to the college's students, faculty, and staff. The department's ability to function as an independent law enforcement agency enables the staff to respond to situations requiring police assistance while still maintaining the autonomy of the college.

## **Our Officers and Their Training**

The Campus Police Force is provided by a college employed staff of campus police officers. Officers are in constant radio communication with mobile and stationary units as well as with other police agencies.

## **Facility Access and Security**

Currently, SMCC operates under an "Open Campus" policy. However, there are specific security measures regarding access to campus buildings and social events. Identification cards with proper validation are issued to all faculty, staff, and full-time students. They are to be used for admission to residence halls, athletic facilities, and social events. These cards are also necessary for students, faculty, and staff to take advantage of library, bookstore, financial aid, food service, and business office privileges. Failure to have ID card on one's person at all times when on college property can result in disciplinary action. The ID card must be surrendered to any college official upon request.

They must be of the same sex as the student being visited and must be approved by the Head Resident and Director of Student Activities and Housing. Overnight stays should not exceed more than one consecutive night.

## **To Report Crimes and Emergencies**

In the event of an emergency or criminal act, members of the college community are instructed and required to report the incident to the Campus Police by calling 601-551-3838.

## **Parking Permits**

Students may bring automobiles on campus, but vehicles must be registered via the SMCC website. After registering, students are responsible for picking up the proper vehicle registration decal from the Campus Police Department located inside the Brumfield building. The decals are to be placed on the back left rear window of the registered vehicle. Students parking in any zone other than that assigned will be issued a citation. Permits for students EXPIRE at the end of the current school year or when the student is no longer enrolled at SMCC. Parking lots are provided for students. The citation fee for violations will double if the fee is not paid within ten days after the issued date.

Traffic laws are strictly enforced to protect all students, faculty, staff, and visitors. Each motorist is encouraged to practice caution, common sense, and courtesy. In most cases, traffic violations will be written on an SMCC campus citation but officers can issue Pike County Justice Court citations, which will require the driver to appear in court if the fine is not paid.

## **Parking Restrictions/Zones**

ALL SMCC students, faculty, and staff are required to register their vehicle(s) in one of the below forms:

- Residence Parking Permit – student lives on campus in one of the approved residence halls
- Commuter Parking Permit – student drives to campus to attend classes and/or activities

\*If a student decides to change their status during the school year from commuter to resident or vice versa, it is their responsibility to notify Campus Police to be issued a new window decal.

- Any appeals or questions about citations must be made to the Patrol Officer Supervisor (Sergeant), Assistant Chief, or Chief of Police in person and within a reasonable time of the issued date.

## **SEXUAL HARASSMENT POLICY**

Sexual harassment, like harassment on the basis of race or religion, is a form of discrimination prohibited by Title VII of the Civil Rights Act of 1964, and Title IX as well. With the adoption of this policy on sexual harassment, SMCC (College) demonstrated its continued commitment to upholding the rights of individuals – whether students, faculty, or staff – to study and work in a place free of intimidation, fear, reprisal, or coercion. The “Policy on Sexual Harassment” is published in the SMCC Faculty Handbook and the SMCC Student Handbook. The college reaffirms this policy specifically as it pertains to prevention of sexual harassment and to the obligations of male and female students, faculty, administrators, and staff in their capacities as teachers and colleagues.

It is the policy of the college that no male or female member of the college – students, faculty, administrators, or staff – may sexually harass any other member of the college. Sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute harassment when:

- Submission to such conduct is made or threatened to be made, either explicitly or implicitly, a term or condition of an individual's employment or education;
- Submission to or rejection of such conduct by an individual is used or threatened to be used as the basis for academic or employment decisions affecting that individual; or
- Such conduct has the purpose of substantially interfering with an individual's academic or professional performance or creating what a reasonable person would sense as an intimidating, hostile, or offensive employment, educational, or living environment.

The administration of the college is responsible for ensuring that there is a timely and thorough investigation of all complaints. A member of the college who believes that he or she has been the victim of sexual harassment as defined above or who becomes aware of an incident of sexual harassment as defined above should bring any such matter to the attention of either the appropriate administrator or the Vice-President for Student Affairs, as he or she prefers. A fellow student, staff member, or faculty member may accompany an individual who wishes to make a complaint as the complainant desires. The person receiving the complaint should immediately seek to resolve the matter by informal discussions with the person involved. If the complainant or the alleged offender is not satisfied with the proposed resolution, he or she may secure review of the matter by the President of the College, Vice-President for Academic Affairs, the Vice-President for Student Affairs, or the Vice-President for Career-Technical Education, as appropriate.

If the suggested procedure outlines above do not result in a satisfactory resolution of a complaint, members of the college retain the right to file formal complaints in cases of alleged sexual harassment. Complaints against students are filed with the Vice-President for Student Affairs; against faculty and staff, with the Vice-President for Academic Affairs; against career-technical instructors and staff, with the Vice-President for Career-Technical Education; and all other staff and administrators, with the President of the College.

The college will take appropriate steps to ensure that a person who in good faith brings forth a complaint of sexual harassment will not be subjected to retaliation. The college will also take appropriate steps to ensure that a person against whom such a complaint is brought is treated fairly, has adequate opportunity to respond to such accusations, and that findings, if any, are supported by clear and persuasive evidence. Complaints of sexual harassment shall be handled confidentially, with the facts made available only to those who need to know, in order to investigate and resolve the matter. The complainant and the person complained against will be notified of the final disposition of the complaint. If a complaint

of sexual harassment is found to be substantiated, appropriate corrective action will follow, up to and including separation of the offending party from the college, consistent with college procedures.
