

## Program Curriculum

<i>First Semester</i>	<i>Semester Hours</i>
CCT 1116 Foundations	6
CCT 1163 Construction Mathematics	3
CCT 1236 Floor and Wall Framing	6
LLS 1311 Orientation	<u>1</u>
<b>Total Hours</b>	<b>16</b>

<i>Second Semester</i>	<i>Semester Hours</i>
CCT 1245 Ceiling and Roof Framing	5
CCT 1315 Interior/Exterior Finishing and Cabinet Installation	5
CCT 1133 Blueprint Reading	3
Approved Carpentry Technology Elective	<u>3</u>
<b>Total Hours</b>	<b>16</b>

## Certificate Information

Upon successful completion of the above course requirements, students will receive a Certificate in Residential Carpentry. Students will also be subject to participate in the NCCER Certification during the progression of the program.

## Job Opportunities

Construct, erect, install, or repair structures and fixtures made of wood, such as concrete forms; building frameworks, including partitions, joists, studding, and rafters; wood stairways, window and door frames, and hardwood floors. May also install cabinets, siding, drywall and roll insulation.

## SMCC Career Technical Education

Southwest Mississippi Community College does not discriminate on the basis of race, color, national origin, age, sex, religion, or disability in its programs, activities or employment practices. The following persons have been designated to handle inquiries and grievances regarding the non-discrimination policies: Mrs. Rhonda Gibson, Director of Disability Support Services, 601-276-3385; Mr. Blake Brewer, Vice President for Student Affairs and Title IX Coordinator, 601-276-3732; SMCC, 4156 College Drive, Summit, MS 39666

Career Technical Education

## Residential Carpentry

### Program Description

The focus of the carpentry program is to prepare students for entrance into the field of residential construction with a well rounded background in all facets of construction. Students will have classroom and shop instruction, lab work, and on-site experiences.

The program encompasses every aspect of home construction from site preparation to building occupancy. Emphasis will focus on foundations, framing, interior and exterior finishes, blueprint reading and estimating costs.

Students will be exposed to modern construction methods and techniques. Operation of hand and power tools used in construction, related safety and maintenance will be thoroughly addressed. The course will also aim to develop effective employer to employee and worker and client relationships as well as desirable personal work habits.

### Admission Requirements

Priority given to applicants with ACT composite of 14 or equivalent placement test score.
